Fendrick & Peck (Madeline Fendrick and Brian Peck) bring rebellious messages growing in opposition to the cultural narrative. Their music has exquisite harmony, deft, sweet lyrics, and carefully balanced compositions delivered with beauty and enthusiasm.

Award-winning singer/songwriter Lauren Heintz repaired U-2 spy planes in the USAF then spent 15 years as a software engineer. Now a standout in the Florida folk scene, you can bet she has stories to tell and a stunning voice with which to deliver them!

FILISKO & NODEN

CHRIS WALZ

With jaw-dropping virtuosity, blues and roots duo Joe Filisko and Eric Noden create unforgettable music with more layers of sound and feeling than most bands ever attain. These marvelous musicians capture the sounds and spirit of the richest bloodlines of American music.

Long-time Old Town School teacher, and former member of the Grammy nominated Special Consensus Bluegrass Band, Chris is a masterful musician and storyteller who combines his joy of performing with reverence for America's musical story.
