

PHXGallery –Yearly Calendar

To the Artist: Each quarter, we would like the exhibit to speak to a particular theme. Below is a list of some ideas you can select from, however, we are open to other theme ideas that are not on this list. This theme could also be broad in scope such as, portraits, landscapes etc., however, priority would be given to themes that **spark creativity** in our employees or **celebrate our community and cultural differences**. Please indicate on your email application which of the theme your art conveys.
